At Smile Now Dentures and Implants, we prioritize accessibility to patient care through affordability. To demonstrate our commitment, we are pleased to offer free consultations including a comprehensive exam and a complimentary CBCT scan for all patient referrals.

Our commitment to patients is founded on same-day dentistry, where patients can experience the convenience of same-day surgery with immediate delivery of custom-designed, 3D printed teeth, all at the most affordable prices in Idaho. We leverage the latest digital workflows to ensure precision and efficiency, providing patients with reliable, same-day results.
